A special product from the LITHOFIN-Range for ceramics, quarry tiles and porcelain (KF). Lithofin KF Limescale-Away is a highly effective, concentrated acidic cleaner. The product is nearly odourless, does not generate any vapours and can be completely rinsed away with water.

Technical Data:

Density: approx. 1,05 g/cm³

Appearance: liquid, greenish

Odour: fresh, perfumed

pH-Value: approx. 1 (concentrate)

Flash Point: n.a.

Solubility in Water: complete

Properties

Lithofin KF Limescale-Away removes limescale, water spots, calcium and similar stubborn deposits quickly and effectively

Field of Use

For removing encrustations and deposits from sanitary fittings, water taps, kettles, coffee makers and other hot water equipment and household appliances.

Directions for Use

Apply undiluted to the wet surface and allow the product to work for 5 to 15 minutes depending on the stubbornness of the deposit. Rinse with plenty of clear water.

When cleaning kettles, coffee makers and other hot-water equipment, dilute Lithofin KF Limescale-Away 1:5 with water. Rinse the equipment several times with the solution, allowing it to work for a few minutes each time. Thoroughly rinse with clear water at least three times.

Please Note: do not use on surfaces sensitive to acid such as marble, limestone, aluminium, enamel, bronze, some decorative tiles and plastics, wood and textiles, etc. When in doubt, try the product in an inconspicuous area.

Coverage: up to 5m² per 500ml.

Storage

Keep closed, cool and dry.

Shelf life of up to five years.

Environmental Protection

Surfactants are biologically degradable in accordance with EU-regulations.

Disposal: diluted product may be added to waste water. Containers are made of environmentally friendly polyethylene (PE). Clean containers can be recycled through collection systems.
